

Janani's Story

2021 India VBS

This is the testimony of Janani, a girl who lost her right leg completely in an accident while travelling with her father on his motorcycle. Her father died on the spot. She was miraculously saved, but unfortunately lost her leg.

She was depressed so much. In VBS, she was touched by the Lord and was strengthened by the Holy Spirit. She is now feeling better and trusting the Lord!

Now her mother is the sole earner of the family, doing daily wages. Even though she was saved, she felt the darkness around her and often her chest gets very tight and felt pain, she was unable to sleep in the night.

During this VBS, our brothers went and prayed for her & her mother. She was taught lessons in her home itself and given the picture Bible also.

When I visited her village, Janani and her mother, shared the testimony of joy & freedom. The past few days she has been able to sleep well and she is praising the Lord for her freedom in Christ. I encouraged her to study well and we would guide her and help her.
